**COLLECTES DE FONDS NOVATRICES**

## **The Easel Program at Funding Innovation**

The team at Funding Innovation believes in the greatness that resides within each one of us and we believe it arises the moment we stop believing we are powerless and start trusting that we have within us the power to change the world. Our Easel Program is designed to **provide not-for-profit and charitable/humanitarian organizations with a zero-risk, long-term, sustainable source of funding.**

Our program allows individuals to purchase beautiful artwork & collectibles and support a worthy cause at the same time. Funding Innovation raises hundreds of thousands of dollars every year for great causes and awe-inspiring missions. The Easel Program runs nationwide across Canada, connecting people with a simple and effective medium and allowing them to participate in creating positive change.

**The team at Funding Innovation has been working with OneFoundation for Niagara Health System since April 4<sup>th</sup>, 2012. On behalf of all of us, we'd like to send some love and appreciation to:**

The incredible Community Partners that we have the honour of partnering with. These businesses provide space and a platform that makes this funding model possible. Thank you for getting involved. We salute you as true #GAMECHANGERS!

The inspiring Local Heroes who make a difference by making a bid and who show us the brilliance of the human heart. Through your amazing generosity, this year the Funding Innovation Easel Program has been able to raise \$6175 for OneFoundation in just 6 months. Thank you for supporting this worthwhile cause! Each one of you is a real #GAMECHANGER!
